BACA
Clinique des troubles alimentaires
Eating Disorder Treatment Clinic

POSITION: PSYCHOLOGIST or PSYCHOTHERAPIST

EMPLOYEE - FULL TIME

COMPANY: BACA EATING DISORDER CLINIC Inc.

www.cliniquebaca.com

The BACA Clinic is a private clinic offering specialized, intensive, outpatient services for individuals suffering from the full range of eating disorder symptoms, including but not limited to anorexia, bulimia, and binge eating disorder. We also offer support to parents and loved ones who are accompanying someone through this difficult journey. We offer an integrated treatment model that addresses all aspects of the individual's life, promoting rapid and personalized care. Our target clientele is aged 14 and older.

Our team believes in full recovery and mobilizes all resources to restore hope for a more balanced life, free from weight and appearance-related obsessions. The welcoming and warm environment at the clinic fosters a climate of trust conducive to recovery.

We form a multidisciplinary team of professionals passionate about helping and fostering relationships and teamwork. We also prioritize close collaboration with professionals from other fields involved in our clients' cases to provide the best possible services. We are looking for a psychologist or licensed psychotherapist who is eager to grow within such a team and is ready to face the clinical challenges working with this dedicated clientele.

We are particularly looking for a professional interested in working with adolescents and families. Training and weekly supervision will be provided by senior team professionals.

Requirements:

- Be a registered member of the OPQ as a PSYCHOLOGIST or hold a PSYCHOTHERAPIST permit
- Excellent proficiency in French and/or English, both spoken and written
- Oral comprehension of both French AND English
- Availability of 4 to 5 days including 2 evenings per week (until 8pm) with a minimum of 3 days on-site at the BACA clinic
- Undertake individual supervision by a team supervisor (at the employer's expense)
- Participate in recommended continuing education activities
- Participate in various interdisciplinary meetings

BACA
Clinique des troubles alimentaires
Eating Disorder Treatment Clinic

Required Skills:

- Conduct psychological assessments AND offer individual psychotherapy to adolescent and adult clients with eating disorders
- Lead educational and/or support therapy groups as needed

Desired Profile:

- An individual passionate about helping relationships, especially in the field of eating disorders
- Interested in being trained and supervised by qualified team professionals to develop expertise in treating eating disorders
- Interested in integrating the therapeutic approach of the BACA team
- Enjoys working in a collaborative environment
- Knowledge of interdisciplinary team work principles
- Rigorous, professional, autonomous, with introspection and self-assessment capabilities—qualities valued by our team.

What We Offer:

- The chance to work within a warm multidisciplinary and interdisciplinary team, composed of psychologists, psychotherapists, nutritionists, family therapists, sexologists, social workers, psychoeducators, drama therapists, counsellors, and physicians
- A human, collaborative, supportive, and unique work environment focused on building long-term working relationships with advancement opportunities for everyone
- Competitive and stimulating salary, discussed based on the candidate's experience
- Newly renovated and tastefully decorated consultation offices in a bright and refined space in downtown Montreal
- Individual and group supervision
- Professional training
